UOI - Connecting to Characters

Central Idea: We can make connections between the characters in stories and our own lives

Students will listen to different stories and learn about different characters. Then make connection of themselves to the character. What do they like and dislike about the characters? What will I do if I am the character in the story?

Home Activities:

Chinese

Parents can review Chinese characters with your child using the Talking Pen Set (Bear Set) or the previous characters sheets we sent home.
